

Changing Your Password in Read With Me Admin

1. Navigate to the *Profile* tab.
2. Type in your current password on the left hand box (to prove it's actually you!)
3. Then type in your new password in the box just below that! Retype your new password to make sure you haven't accidentally mistyped it the first time. Then click *Change Password* (It will get you to try again if your retype isn't the same).
4. To check you're happy, maybe log out and then try logging in again with your new password.

The screenshot shows the 'Admin' interface for 'Read With Me (readwithme.org.uk)'. The user is logged in as 'Jake'. The 'Edit Profile: Jake' page is active, with a 'Log Out' link. The 'Change Your Password' section contains three input fields: 'Current Password', 'New Password', and 'Retype New Password', followed by a blue 'Change Password' button. Red arrows point from text annotations to these elements. The 'Profile' tab in the left sidebar is also highlighted with a red arrow.

Existing Password (i.e. the one you've just signed in with)

Profile Tab

Type your new password in both of these

Remember to save by clicking this button when you're done!

If you forget your password, please just email me and I'll reset your password manually for you!
Unfortunately there's no way to do this automatically at the moment.
